

# E **Wireless WebScroll+ NBEye** -mail Notice Mini Wireless Optical Wheel Mouse

The Wireless WebScroll+ NBEye is a mini wireless optical wheel mouse that makes working with a computer enjoyable. It has great features like the music e-mail notice function, no cables so no tangles, it includes rechargeable batteries and a battery charger, and great software. The e-mail notice function lets you hear various melodies when receiving an important e-mail. The Wireless WebScroll+ NBEye is ideal for notebook and small-hand users. So for you're looking for an input device that gives you unlimited movement, then check out the Wireless WebScroll+ NBEye and experience a new freedom.

### Features:

- No cord, less clutter and more freedom
- 800 dpi high precision optical sensor
- E-mail notice with music melodies
- No dust accumulation, never needs cleaning
- Mini USB receiver for PC & Notebook
- Includes two rechargeable batteries

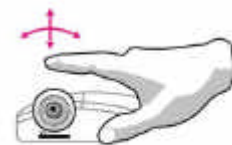

### RF Cordless Technology

– No tiresome struggles with cables: provides reliable and flawless communication with a PC without aiming the mouse directly at the receiver. In addition, it has 256 ID codes to reduce interference between other devices.

### Convenient Roller Button (U.S. Patent No. 5,530,455)

The Roller Button can be used for fast browsing up/down, left/right on the Internet and in Windows documents, as well as zooming in Microsoft Office and Internet Explorer.

### Advanced high precision 800 dpi optical sensor

Provides high precision and low power consumption. With the best flexibility, you can work where/how you want without a mouse pad and you never have to clean the mouse.
